

Steps for importing a CSV file into MySQL:

- In Schemas, right-click on your database name.
- Click on 'Table Data Import Wizard'.

- Click on '**Browse**' and select the CSV file from the directory where it is located.
- Click Next and follow the prompts to complete the import process.

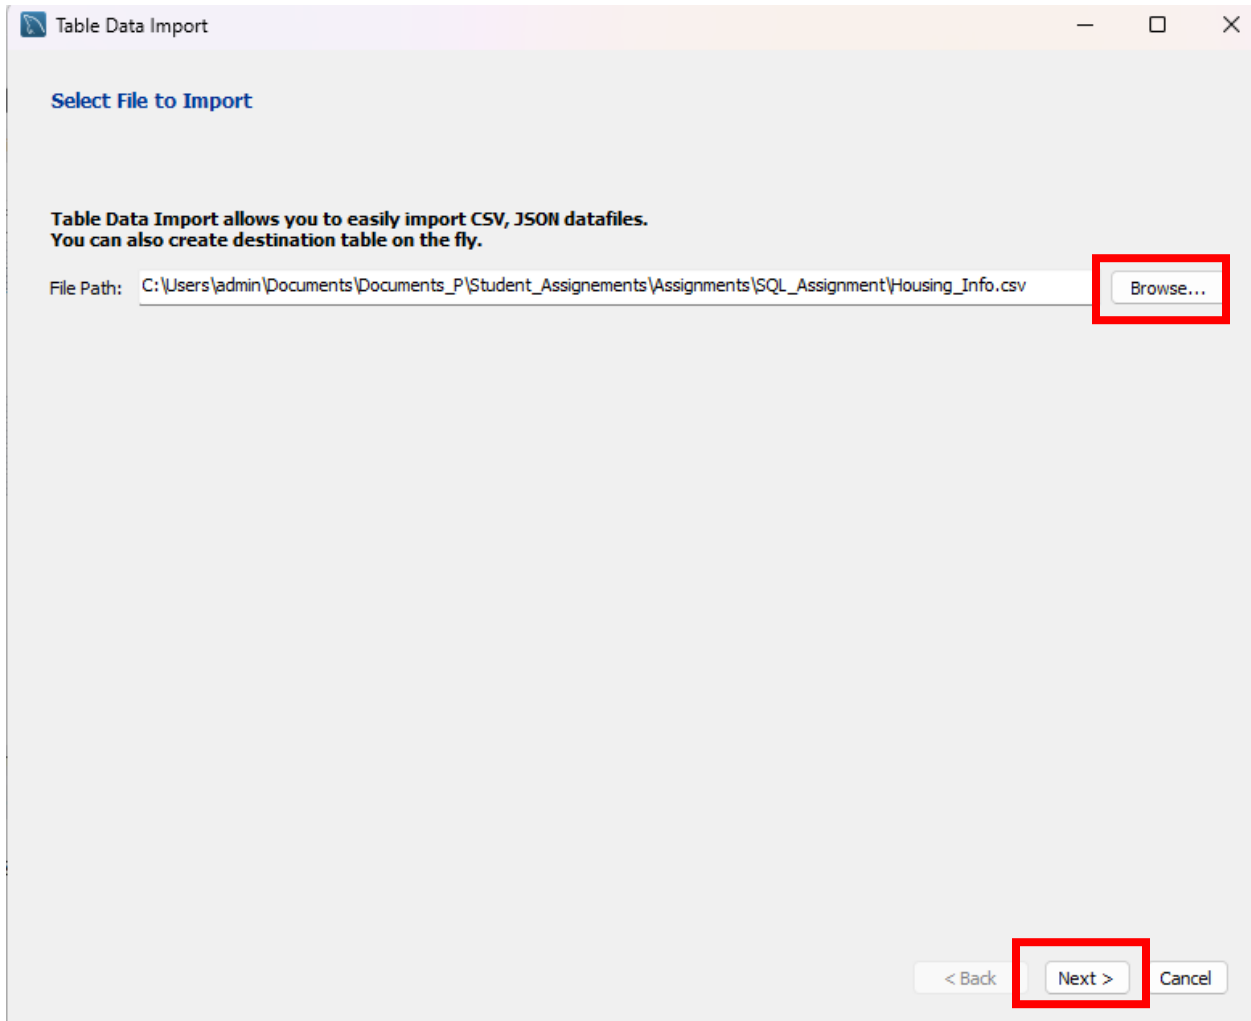

Table Data Import

Select File to Import

Table Data Import allows you to easily import CSV, JSON datafiles.
You can also create destination table on the fly.

File Path: C:\Users\admin\Documents\Documents_P\Student_Assignments\Assignments\SQL_Assignment\Housing_Info.csv **Browse...**
